Positive Action Group

From the beginning of the first Coronavirus outbreak in China in late 2019
Owen Atherton MBE and Kim Allison MBE have been largely responsible
for implementing the Isle of Man government’s response to a unique
situation - a pandemic of a totally new disease.

The Positive Action Group is delighted
that both ministers have agreed to address
one of their regular public meetings on
Monday July 26th at the Manx Legion,
Market Hill in Douglas, starting at 7:30pm.

Owen Atherton and Kim Allison will explain
how the plans to manage and control the
Virus were made and implemented.
These plans affected everybody on
the island and the Positive Action Group
anticipate a lot of interest in this meeting.

Monday July 26th at the Manx Legion,
Market Hill in Douglas, starting at 7:30pm.

Free Admission - Open to all

The Positive Action Group are set up to promote awareness and
understanding of politics and citizenship on the island
or beyond.
