

Meeting on 'Play' with Chris Gregory

It was unfortunate that we had possibly our lowest turnout this year for Monday's meeting.

Those that braved the cold weather heard a presentation that was well structured and skilfully made with some damning conclusions that were hard to disagree with.

Children desperately need advocates like Chris. I hope that those present last night will pass Chris's message on to others on the island.

His presentation is attached. Read it and act upon it!
